\$50 per man/\$200 per team

Please be there at 630 PM for a ground rules meeting, all team members must be present. Goodies will be given out to everyone who is in attendance. Here's the basics: You **MUST** wear western attire, cowboy hat, long sleeve button up, and boots. The whole 9 yards! No rubber on your horn, no tie-downs or martingales, no roping reins. Romels are ok.

Abuse/rough handle of the livestock and you will be disqualified- it's that simple.

Legal head catches only, neck, horns, or half a head with nose in loop. All other loops are considered illegal. Illegal head catches may be removed, they will count towards the total loops allowed.

Placing will be determined by points awarded in each event. The team with the highest amount of points total will be declared the winner.

Please understand that events may be tweaked a little to accommodate cattle and team numbers.

Order of Events: Main Event 730 PM

**Bronc Riding** (Not a team event)

# RULES

**TRAILER LOADING-** Three teams at a time. Team starts in the truck with two horses loaded, saddled, and bridled. Judge will give each team their color, time starts when the announcer says. Teams must load their color of cow into their designated trailer. Legal head catches only, can correct an illegal catch. Time stops once the back door of the trailer is latched. Two minute time limit. Teams will be held responsible for damage to trailers and vehicles. No loop limit.

**GOAT ROPING-** Kids event. Head and Heel goat roping, 15 yrs and under, on foot. Main arena.

**DOCTORING-** Time starts once the first horse's nose crosses the line, the announcer will give the color of the animal to be roped. The correct colored animal must be first, sorted back across the line (in-between barrels) and then roped. No other cattle can cross the line until the designated steer is roped legally. The sorted animal can only come back across if it is roped even if it is an illegal lope. Illegal lope **MUST BE REMOVED FIRST**. Animals must be legally caught around the head and heels before any member gets off. Team can get off only to remove an illegal catch. Ropes must be transferred and an X must be placed on the animal's head. Time stops when all members are horseback or the three loop limit is met. 3 minute time limit.

**BRANDING-** Time starts when the announcer says. Two ropers, two ground crew, switch after the first steer is branded and ropes are cleared. Iron must remain in the circle until the animal is stretched properly. Legal head catches only, may remove illegal catches. Time stops once the second steer is branded and the iron is back in the fire. Four minute time limit.

**FANCY LOOP-** On foot or horse, judged event two age divisions. Adult and Youth. We want the crowds to see your best loop! It will be a dummy roping, you can bring your own dummy to show. This is fun to showcase your best loops!
